This stately all brick American Foursquare home is a beautiful mix of historic charm and modern convenience. Resides in a great borough location, just a short walk to the center of town and all of its quaint shops and restaurants. Total architect designed rehab completed at the end of 2016 with continued seller upgrades. Everything was brand new with high-end finishes. Gorgeous kitchen features soft-close cabinets to the ceiling and island with wood and granite countertops. Gleaming refinished original hardwood throughout. Other upgrades include a 2 zone HVAC system with Nest thermostats, multiple Ring cameras and a gas fireplace with remote. The second floor has an incredible owner's suite with dressing room, rainhead shower and double vanities. Two additional spacious bedrooms and a hall bath complete the second floor. Up on the third floor, you will find another bedroom, full bathroom and an additional living space with its own outside entrance. Wait until you see the outdoor veranda which flows right out from the living room that creates space for living inside and out. This recently completed outdoor oasis includes skylights, a ceiling fan, lighting and HDMI cables have also been installed for a future outdoor TV install. Also includes a partially finished basement. Ample street parking plus two off street parking spots in the driveway~Nothing like it in the Borough!
